In 2017, ASCLS reprises the long running and popular microbiology webinar series created by CACMLE. Cutting edge content from leading experts will be presented for the laboratory generalist, preparing the laboratory community for "what's next." The Grand Rounds course includes access to all ten live webinars. **Webinars may be purchased individually.**

In addition to the live event, content is captured and made available for review at a later date. One person registers and secures access to the event for his or her site. Up to 100 individuals will be able to claim credit for participation in the live event at each site.

Webinar Selection

- Complete Microbiology Grand Rounds 2017 Series (\$995/\$1,145)

(OR) Choose Individual Selections *Use only if not choosing the full series.* (\$119/\$139 each)
